Subject: RE: Sen. Daines site visit to Anaconda this weekend

All,

We're trying to connect with Charlie Coleman to see if he is available for the tour. Joe is on vacation out of state. There's still a good chance that Charlie can do this. He's in Butte today and I hope to hear back from him. Will let you know.

Bill

All,

Doug just stopped by my office and stated that if no one from EPA is available, then we should reschedule. He does NOT want anyone called off vacation for this event.

Over to you all.

Best regards,

Andrew

Completely agree! That's why we've been pinging everyone 😊 If we don't have someone available I'm good with pushing back but now that they've reached out directly to Doug I'm not sure I'm in a position to stop that train. Let us know. Thanks, Libby

Hey Libby – This is really last minute and a Saturday...just saying! Joe is on vacation this week. We have a call in to Charlie Coleman, Anaconda RPM. I'll get back to you as soon as we have determined an EPR attendee.

Betsy

Subject: FW: Sen. Daines site visit to Anaconda this weekend
Importance: High

Hi Betsy,

We have a bit of a rushed request for EPR regarding a Senator Daines interest in a Anaconda Site tour this Saturday. We have yet to hear back from anyone. Doug was going to extend his travel to Montana to be on the tour as well. The Senator's staff has now reached out directly to Doug to coordinate tour even though we've not confirmed nor heard from EPR as to who can be available to provide the site tour on Saturday. Do we need to discuss this? The train is leaving the station with no one from EPR on board at this point 😊

Sincerely, Libby

Certainly. Would 11:30am or noon MST, meaning 30 or 60 mins from now, work by any chance?

And thank you very much.

We're finding people right now. I'll likely attend as well. You available today, I can provide an update on discussions that won't violate the confidentiality order if that would be helpful.

Hello both,

Would you be able to recommend one or two EPA staff for Sen. Daines' likely site visit to the Anaconda Smelter Co. Superfund site this weekend?

Thank you very much.

-Sophie
